

COOKING AND BAKING PARTIES IN 2021

We have adapted our unique, custom and fun birthday parties into the Covid era and we are still fantastic birthday parties on the virtual platform in addition to small parties of no more than 8 in person.

UNIQUE birthday parties for kids ages 6+. Each party is completely unique and we make a huge fuss of the birthday girl or boy.

CUSTOM Everything is totally custom to the individual birthday girl or boy. A typical virtual party lasts around 1.5 hours and includes 2 menu items. Usually one savory item and one sweet item. We usually suggest one savory item and one sweet item. We also offer *home made beauty products* made from kitchen ingredients which is a lovely option if you only want to cook or bake one item. An in person party lasts 2 hours and includes 2 menu items. We also provide the cake or cupcakes which all the guests decorate lavishly for the birthday girl or boy. We sing happy birthday using the cake or cupcakes that have been decorated by everyone.

COSTS

The cost of a virtual party is \$250 which includes up to 30 participants. We don't recommend more than 15 as otherwise it can get too hectic and impersonal but we will work with you to ensure you are happy! The cost of an in person party is \$450 for currently a maximum of 8 participants. As the covid restrictions relax we will adjust our numbers accordingly.

WHAT KIND OF FOOD DO THE KIDS MAKE?

We make so many different types of food and we use the globe as our inspiration! We can cook, bake and decorate anything that you would like! See the following page for a little inspiration! Call me to discuss any ideas you have! Typically we recommend 2 items. Everything is customizable and tailored to your requirements in advance. We will all cook and bake together and laugh and talk as we go. See below menu ideas but if you have something specific in mind just let us know!

BIRTHDAY CAKE

We provide the Birthday Cake or Cupcakes for our In Person parties. For our Virtual Parties, we suggest one of the food items be a baked item so we can decorate it and light a candle in it to sing happy birthday.

INGREDIENTS AND PARTY FAVORS

We send out the ingredients in advance and can package them to send to all participants if you like (extra charge based on menu ingredients). I can also help with sourcing and providing a variety of party favors such as kids cookery books, cake moulds, sprinkles, set of cookery utensils, additional aprons etc most of which can be personalized. This can be sent out in advance with the ingredients. Of course if you wish to do this yourselves this is absolutely fine, we advise quantities.

DIETARY ISSUES

All dietary needs such as gluten free, nut free, egg free etc are completely accommodated and advice will be given for those with allergies or dietary issues.

HOMEMADE BEAUTY

For a virtual cooking or baking party with a difference, we also now offer a variety of home made beauty treatments using kitchen ingredients to be made (and can be used!) during our parties and camps. Think face scrubs, body scrubs, hair moisturizing masks. Brilliantly fun and wonderful products that are totally natural. Currently only available in our Virtual Parties and Camps and will be available during our Summer Camps.
